Firms Employing 35 or More Workers In Springfield and Sangamon County

A CATALOG OF MAJOR EMPLOYERS

This document was prepared by the Economic Development Council for Springfield and Sangamon County (EDC). The EDC is a public-private joint venture among the City of Springfield, Sangamon County and The Greater Springfield Chamber of Commerce. The EDC is a partnership of committed, creative leaders in business and government who have allied together to foster new developments for existing businesses and to improve Sangamon County's capacity to compete successfully for the attraction of new business investment. The EDC's mission is to expand the marketability, tax base, marketplace and wealth of Springfield and Sangamon County, Illinois. For more information, please contact:

Firms Employing 35 or More Workers In Springfield and Sangamon County

PREFACE

The levels of employment shown in this publication are based on each company's number of full time equivalent employees in Sangamon County. The number of full time equivalent employees equals the number of full time employees plus half the number of part time employees. To be included in the book, the company's number of full time equivalent employees must be greater than or equal to thirty-five in Sangamon County. The number of company locations and the company head quarters shown are for the nation.

This publication is intended to give an accurate and complete portrayal of those firms in Springfield & Sangamon County employing 35 or more workers, and to act as a sales tool for the area as a whole in attracting new businesses. This document was designed with the utmost attention given to detail and accuracy in order to increase awareness and understanding of the importance of these firms in Sangamon County. However, it is inevitable that errors and omissions will occur, so we welcome and encourage comments and recommendations on the contents of this publication. This list is compiled periodically by the EDC to provide the most up-to-date data and include new information as it becomes available.

The sources used to develop this document include one direct-mail survey of Sangamon County businesses by the EDC. Firms were asked to note corrections and provide updated information on a survey form, which included the company's information from previous editions. As stipulated on the survey form, firms, which did not respond with changes or updates, are represented by the information previously on file. Subsequent select telephone surveys were conducted to further insure accuracy. Certain businesses that would qualify for inclusion in this publication elected to be omitted to retain privacy and/or security.

The EDC is thankful and appreciative of the numerous companies that participated in the development of this document.

COMPLETE ALPHABETICAL LISTING OF FIRMS

Over 340 firms located in Sangamon County employ the equivalent of 35 or more full time employees. This section contains a detailed listing of firms employing 35 or more full time equivalent employees as provided by respondents of the EDC's 2006 survey and research efforts. Employment shown is the number of fulltime equivalent employees (FTE).

All telephone numbers listed are for Springfield and Sangamon County, which has the area code 217. Employment shown is the number of fulltime equivalent employees (FTE).

LISTING OF FIRMS BY TYPE OF BUSINESS

Sangamon County enjoys a rather diverse economic base with at least 140 different types of businesses, as defined by the Standard Industrial Classification (SIC) codes. As a result, the Springfield and Sangamon County area is able to offer a multitude of resources to area organizations and the general population. Additionally, these businesses provide the central Illinois area with a variety of occupations from which prospective employees can choose.

The following list categorizes firms with 35 or more employees according to SIC code. Please note that the list only includes firms that provided an SIC code.

LISTING OF FIRMS BY LEVELS OF EMPLOYMENT

The firms qualifying for this publication employ over 78,000 workers. Sangamon County boasts the highest commuting-in rate of any county in central Illinois. Residents from Logan, Macoupin, Christian, Menard, Montgomery and Morgan counties expand the labor pool for employers in Sangamon County.

This section categorizes firms employing 35 or more full time equivalent workers according to various levels of employment. Employment shown is the number of fulltime equivalent employees (FTE).

35 – 49.5 FTE Employees

RANKING OF FIRMS BY EMPLOYMENT

As the capital of Illinois, Springfield's government sector naturally contributes significantly to the employment base, and additionally provides relative employment stability to the area. The employment positions in the area of public administration number over 28,000. Other significant categories of employment are the health care, financial and insurance sectors.

This section provides a ranking of organizations according to their level of employment, beginning with the area's largest employer. Employment shown is the number of fulltime equivalent employees (FTE).
